Division of Special Education and disAbility Research**

Fall 2017

EDSE 502: Classroom Management and Applied Behavior Analysis

3 Credits

Section: DL1; CRN: 73705

Section: PO1; CRN 82099

Instructor: Dr. Peggy King-Sears	Meeting Dates: 08/28/17 – 12/20/17
Phone: 703.993.3916 <i>best method for communication is email or "Ask the Instructor" on the Bb site</i>	Meeting Day(s): N/A
E-Mail: mkingsea@gmu.edu	Meeting Time(s): N/A
Office Hours: Wednesdays 4:00 to 6:00 by appointment only. Please schedule 24 hours in advance. Flexibility for appointments exists– please ask!	Meeting Location: Online, Asynchronous
Office Location: Finley 218	Other Phone: N/A

*Note: This syllabus may change according to class needs. Teacher Candidates/Students will be advised of any changes immediately through George Mason e-mail and/or through Blackboard.

Prerequisite(s) None

Co-requisite(s) None

Course Description

Focuses on identifying, recording, evaluating, and changing social and academic behaviors of special and diverse populations. Explores theories of classroom management and various approaches to management including use of technological advances. Emphasizes developing classroom and individual behavior management plans. Note: Field experience required.

Offered by Graduate School of Education. May not be repeated for credit.

Registration Restrictions:

Enrollment limited to students with a class of Advanced to Candidacy, Graduate, Non Degree or Senior Plus.

Enrollment is limited to Graduate, Non-Degree or Undergraduate level students.

Students in a Non-Degree Undergraduate degree may not enroll.

Schedule Type: Lecture

Advising Contact Information

Please make sure that you are being advised on a regular basis as to your status and progress through your program. Mason M.Ed. and Certificate teacher candidates/students should contact the Special Education Advising Office at (703) 993-3670 for assistance. All other teacher candidates/students should refer to their faculty advisor.

Advising Tip

Do you need to take Praxis Core and/or VCLA? For students pursuing a special education teacher licensure program, the Praxis Core or a VDOE-approved substitute test should be submitted to Mason as soon as possible. Tests should be taken as early as possible since most scores must be on file when students apply for internship. Check your program plan or talk with your advisor if you are unsure what tests you need or when you will need to take them.

Course Delivery Method

This course will be delivered online (76% or more) using asynchronous format via Blackboard Learning Management system (LMS) housed in the MyMason portal. You will log in to the Blackboard (Bb) course site using your Mason email name (everything before @masonlive.gmu.edu) and email password. The course site will be available no later than 11:59pm EST on 8.28.17.

Under no circumstances, may candidates/students participate in online class sessions (either by phone or Internet) while operating motor vehicles. Further, as expected in a face-to-face class meeting, such online participation requires undivided attention to course content and communication.

Technical Requirements

To participate in this course, students will need to satisfy the following technical requirements:

- High-speed Internet access with a standard up-to-date browser, either Internet Explorer or Mozilla Firefox is required (note: Opera and Safari are not compatible with Blackboard).
- Students must maintain consistent and reliable access to their GMU email and Blackboard, as these are the official methods of communication for this course.
- Students will need a headset microphone for use with the Blackboard Collaborate web conferencing tool.
- Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of course requirements.
 - The following software plug-ins for PCs and Macs, respectively, are available for free download:
 - Adobe Acrobat Reader: <https://get.adobe.com/reader/>
 - Windows Media Player: <https://windows.microsoft.com/en-us/windows/downloads/windows-media-player/>

- Apple Quick Time Player: www.apple.com/quicktime/download/

Expectations

Course Week:

Because asynchronous courses do not have a “fixed” meeting day, our week will start on Tuesdays at 12:01 a.m. EST, and finish on Mondays at 11:59 p.m. EST.

Log-in Frequency:

Students must actively check the course Blackboard site and their GMU email for communications from the instructor, class discussions, and/or access to course materials at least 3 times per week. *Please note your instructor can monitor the frequency of your activity in the course. It is not simply logging in that matters; it is the accomplishment of tasks and activities completed on Bb across modules that matter! Refer to Participation.*

Participation:

Students are expected to actively engage in all course activities throughout the semester, which includes actively viewing all course materials (perusing PDFs of the PPTs is NOT the same as listening to the video!), completing course activities and assignments in an incremental manner across each module, and participating in course discussions and group interactions. *Refer to Log-in Frequency.*

Technical Competence:

Students are expected to demonstrate competence in the use of all course technology. Students who are struggling with technical components of the course are expected to seek assistance from the instructor and/or College or University technical services. Contact ITU (<http://itservices.gmu.edu/help.cfm>) at (703) 993-8870 or support@gmu.edu.

Technical Issues:

Students should anticipate some technical difficulties during the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.

Workload:

Please be aware that this course is **not** self-paced. Students are expected to meet *specific deadlines* and *due dates* listed in the **Class Schedule** section of this syllabus. It is the student’s responsibility to keep track of the weekly course schedule of topics, readings, activities, and assignments due. *It is highly recommended to spread accomplishment of each module’s tasks and activities across each module’s period versus waiting ‘til the last day!*

Instructor Support:

Students may schedule a one-on-one meeting to discuss course requirements, content, or other course-related issues. Those unable to come to a Mason campus can meet with the instructor via telephone or web conference. Students should email the instructor to schedule a one-on-one session, including their preferred meeting method and suggested dates/times. *Please do not hesitate to access the instructor for course support!*

Netiquette:

The course environment is a collaborative space. Experience shows that even an innocent remark typed in the online environment can be misconstrued. Students must always re-read their responses carefully before posting them, so as others do not

consider them as personal offenses. *Be positive in your approach with others and diplomatic in selecting your words.* Remember that you are not competing with classmates, but sharing information and learning from others. All faculty are similarly expected to be respectful in all communications.

Accommodations:

Online learners who require effective accommodations to insure accessibility must be registered with George Mason University Disability Services. *Please notify your instructor within 48 hours after the first course session if you need accommodations.*

Learner Outcomes

Upon completion of this course, teacher candidates/students will be able to:

1. Define behavior change terminology and principles of applied behavior analysis.
2. Given characteristics and behaviors of students with disabilities, identify ways to acquire indirect and direct assessments to identify corresponding antecedents and consequences of the behavior/s as well as the behavior's function (i.e., Functional Behavior Assessment).
3. Based on information from a Functional Behavior Assessment, design a comprehensive behavior change program, and describe how school teams collaborate for the functional behavior assessment and behavior change program.
4. Design behavior management techniques for making positive changes in students' academic, social, and/or affective behavior, including ethical use of a continuum of techniques, starting with proactive, preventative, and least intrusive techniques.
5. Describe how to determine reinforcers and use varied schedules of reinforcement responsive to the needs of individual students.
6. Write accurate behavioral objectives for a wide range of behaviors that include all components: learner, conditions, observable behavior, and degree/criteria statements.
7. Describe data collection procedures that match observable behaviors and how to use data to make decisions about the effectiveness of interventions.
8. Describe how to develop and use single subject research designs.
9. Explain when and how to use maintenance and generalization techniques.
10. Design learning environments that support and enhance instruction.
11. Describe how to create a safe, positive, supportive environment which values diversity.
12. Demonstrate knowledge of modifying the learning environment (e.g., schedule, physical arrangement, routines) to prevent and manage inappropriate behaviors.
13. Describe strategies for promoting self-management.
14. Describe components of the SchoolWide Positive Behavior Intervention Support (SW-PBIS) model.
15. Given a school's discipline model, identify what distinguishes that model from the SW-PBIS model, and provide recommendations to align the school's model with SW-PBIS.
16. Describe parsimonious and comprehensive classroom management methods.
17. Describe how to identify and teach social skills needed for educational and other environments.
18. Describe ethical considerations when selecting behavior management methods, including a rationale for selecting positive reinforcement procedures over other procedures, conditions under which punishment-based procedures would be

appropriate, and teacher attitudes and behaviors which can positively or negatively influence student behavior.

19. Identify and describe the crisis cycle and methods for crisis prevention.
20. Identify crisis intervention training programs (i.e., leads to certification as crisis management specialist).

Course Relationship to Program Goals and Professional Organizations

This course is part of the George Mason University, Graduate School of Education (GSE), Special Education Program for teacher licensure in the Commonwealth of Virginia in the special education areas of Special Education: Students with Disabilities who Access the General Curriculum K-12. This program complies with the standards for teacher licensure established by the Council for Exceptional Children (CEC), the major special education professional organization, as well as those established by the Interstate Teacher Assessment and Support consortium (InTASC). The standards addressed in this class include CEC Standard 1: Learner development and individual learning differences (InTASC 1,2); CEC Standard 2: Learning environments (InTASC 3); CEC Standard 4: Assessment (InTASC 6); CEC Standard 5: Instructional planning and strategies (InTASC 7,8); CEC Standard 6: Professional learning and ethical practice (InTASC 9) & CEC Standard 7: Collaboration (InTASC 10).

Evidence-Based Practices

This course will incorporate the evidence-based practices (EBPs) relevant to developing safe, effective learning environments, positive behavioral interventions and supports, and functional behavioral assessments/behavioral plans. Evidence for the selected research-based practices is informed by meta-analysis, literature reviews/synthesis, the technical assistance networks which provide web-based resources, and the national organizations whose mission is to support students with disabilities. We address both promising and emerging practices in the field of special education. This course will provide opportunities for teacher/candidates/students to take an active, decision-making role to thoughtfully select, modify, apply, and evaluate EBPs in order to improve outcomes for students with disabilities.

Required Textbooks

Alberto, P. A., & Troutman, A. C. (2017*). *Applied behavior analysis for teachers* (9th ed.). Upper Saddle River, NJ: Pearson.

Scheuermann, B. K., & Hall, J. A. (2016*). *Positive behavioral supports for the classroom* (3rd ed.). Upper Saddle River, NJ: Pearson.

Please purchase the editions with the **dates shown in parentheses. Do not purchase or plan to use previous editions.*

Recommended Textbooks

American Psychological Association. (2010). *Publication manual of the American Psychological Association* (6th ed.). Washington, DC: Author.

Additional Readings

Students will be accessing the Mason library for recent research pertaining to course topics a few times during the semester. For some course topics, there are required readings, which will be posted on the Bb site for that course session.

Course Performance Evaluation

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, Tk20, hard copy).

Tk20 Performance-Based Assessment Submission Requirement

It is critical for the special education program to collect data on how our students are meeting accreditation standards. Every teacher candidate/student registered for an EDSE course with a required Performance-based Assessment (PBA) is required to upload the PBA to Tk20 (regardless of whether a course is an elective, a one-time course or part of an undergraduate minor). A PBA is a specific assignment, presentation, or project that best demonstrates one or more CEC, InTASC or other standard connected to the course. A PBA is evaluated in two ways. The first is for a grade, based on the instructor's grading rubric. The second is for program accreditation purposes. Your instructor will provide directions as to how to upload the PBA to Tk20.

For EDSE 502, the required PBA is (a) the Functional Behavior Assessment and (b) the Behavior Intervention Plan. Failure to submit the assignment to Tk20 will result in reporting the course grade as Incomplete (IN). Teacher candidates/students have until five days prior to the University-stated grade change deadline to upload the required PBA in order to change the course grade. When the PBA is uploaded, the teacher candidate/student is required to notify the instructor so that the "IN" can be changed to a grade. If the required PBA is not uploaded five days prior to the University-stated grade change deadline and, therefore, the grade not changed, it will become an F. Please check to verify your ability to upload items to Tk20 before the PBA due date.

Assignments and/or Examinations Performance-based Assessment (Tk20 submission required)

1. Functional Behavioral Assessment (75 points):

In an effort to identify the function of problem behavior(s) of a particular student, you will gather information about this student and his/her behavior. More information about this assignment (including a grading rubric) can be found on Blackboard and should be thoroughly reviewed prior to beginning the assignment.

2. Behavior Intervention Plan: (75 points)

Based on the information you gathered in the FBA and the hypothesis you have made about the function of the problem behavior(s), you will write a Behavior Intervention Plan. More information about this assignment (including a grading rubric) can be found on Blackboard and should be thoroughly reviewed prior to beginning the assignment.

**Students will not receive a final grade in the course until all requirements have been met for uploading these assignments to the designated Tk20 site through Blackboard.*

Performance-based Common Assignments (No Tk20 submission required.)

3. Comparison of School Discipline/Behavior Plans (20 points) :

For this assignment, you will obtain the discipline plan from a school. Consider the “plan” as the document provided to parents, students, and teachers at the beginning of the school year. Within this document, the school’s rules, approach to reinforcing and enforcing rules, consequences for infractions, and other relevant information is described. Most schools have these documents readily available for parents and students on the school web site. Avoid accessing the school system’s handbook. Because you will be comparing a school’s procedures to the SchoolWide Positive Behavior Intervention Supports, a school plan is needed.

Your task is to compare and contrast your selected school’s plan to the Positive Intervention and Support (PBIS) model and report your findings. More information about this assignment (including a grading rubric) can be found on Blackboard and should be thoroughly reviewed in advance and prior to beginning the assignment.

4. Classroom Management Plan (60 points):

The purpose of this project is to develop a comprehensive classroom management plan that involves preventative planning and instructional management strategies to support the academic and behavioral needs of a diverse classroom. Components of the classroom management plan include a self-assessment, environmental engineering, assessment of active student engagement, continuum of consequences, and behavior management philosophy. You will report on your own classroom management features or observe a general education co-taught setting (must be classroom where students with disabilities are educated) if you are not currently teaching in a school setting. More information about this assignment (including a grading rubric) can be found on Blackboard and should be thoroughly reviewed in advance and prior to beginning the assignment.

Field Experience Requirement

A field experience is a part of this course. A field experience includes a variety of early and ongoing field-based opportunities in which candidates may observe, assist, and/or tutor. Field experiences may occur in off-campus settings, such as schools (CAEP, 2016). Below are REQUIRED PROCEDURES FOR ALL STUDENTS ENROLLED IN THIS COURSE.

1. **Complete the online EDSE Field Experience form.** This online form will be sent to your GMU email from EDSEfld@gmu.edu on the first day of the semester. Click on the link and complete the form as soon as possible. ALL students should complete the form, regardless of whether you need assistance in locating a field experience placement or not. This information is required by the state. Please direct any questions about the form to Dr. Kristen O’Brien at EDSEfld@gmu.edu.
2. If you are arranging your own field experience because you are a full-time contracted school system employee and will complete the field experience at your worksite, you will be asked to specify the school at which you will be completing the field experience.
3. If you request a field experience placement to be arranged, you will receive information via

your GMU email account about your assigned internship placement from the Clinical Practice Specialist in the College's Educator Preparation Office (EPO). Check your GMU email regularly for important information regarding your field experience. Follow all instructions for the necessary Human Resource (HR) paperwork required to access the assigned field experience placement.

View the EDSE Field Experience Introduction presentation. On the first week of classes and prior to representing George Mason in off-campus settings, your instructor will show a video presentation or provide a link to the presentation, which includes important information about the registration process for EDSE field experiences and tips for a successful field experience. After the presentation, sign the document provided by your instructor to indicate that you have watched the presentation and are aware of the EDSE field experience professionalism expectations.

1. **Document your field experience hours.** Your instructor will provide you with access to field experience documentation forms to use. There are two different field experience documentation forms – one for those completing field experience at their worksite and one for those completing field experiences in other classroom settings (e.g., GMU arranged a placement for you). Use the form that is most appropriate for your field experience placement. Your instructor will provide more directions on how to use and submit the documentation form.
2. **Complete the field experience end-of-semester survey.** Towards the end of the semester, you will receive an email from EDSEfld@gmu.edu with a link to an online survey. This brief survey asks you to report about important features of your field experience placement.

Other Assignments

5. Research Analysis (2 at 15 points each/30 points):

As a teacher, you should be able to read and apply research in your field. You will analyze two peer-reviewed research articles in this course. More information about this assignment (including a grading rubric) can be found on Blackboard and should be reviewed prior to beginning the assignment.

6. Reading Checks (4 at 15 points each/60 points):

You will complete one reading check for each module in this course. These reading checks assess your understanding and recall of the assigned chapters in the textbooks. You may use the textbooks and your notes to help you complete these checks and there is no time limit. You may take each reading check twice and your higher grade will be counted.

7. Discussion Board (6 at 5 points each/30 points):

You will participate in a total of six Blackboard discussion boards in this course. Specific instructions will be given for each discussion board and should be reviewed prior to beginning the assignment.

Course Policies and Expectations

Attendance/Participation

All course work will be online in an Asynchronous format. Optional Blackboard Collaborate sessions may be planned during the semester on an as-needed basis. There will be no face-to-face meetings.

Several assignments require participation from individuals and classmates by specific dates or in sufficient time for classmates' responses. **To maximize your preparation and participation, it is recommended that you:**

- Read all the way through each module one time initially. That way you know what you need to focus on and prioritize (i.e., what's coming up soon? Later?).
- Develop a timeline for the assignments (individual and/or group) so you have plenty of time to post, react to peers' posts, gather materials as needed for upcoming assignments, prepare assignment drafts, and refine assignment prior to submission for a grade.
- Pace yourself well; individual and independent online courses do not mean you can wait until the last minutes to get the work done! Peers are dependent on you at times, and your success is also dependent on your preparation to complete assignments well in advance of due dates.

Late Work

Work is considered on time if it is submitted by 11:59 pm on the date that it is due. *Ten percent of the available points* for the assignment will be deducted each 24-hour period for late submissions during the first week after the due date. **After one week from the due date, assignments will not be accepted.** Thus an assignment that is three days late is able to obtain only 70% of the points for the assignment regardless of the quality of the work. After one week, the assignment will no longer be accepted, and a score of zero will be entered into the grade book for that assignment.

The date that the assignment was received by the instructor **via email or Blackboard** will be considered the date submitted. Submitting an assignment late does not alter the due dates of the other assignments and prevents timely feedback to students regarding their work that may be of value in later assignments. Strive to keep up with the assignment schedule so that you will be able to have appropriate formative evaluation and feedback from your instructor across the semester.

Communication.

The best way to contact the instructor is through email or use of the "Ask the Instructor" category on the course Bb site. Please use "Ask the Instructor" for (a) general questions and (b) to review before asking a question that may already have been asked and answered! The instructor's email is on the first page of the syllabus. There is a Send Email icon on the left navigation bar in the course, which is another place where the instructor's email can be found

as well as classmates' emails. The instructor will check email daily during the week. Expect a response within 24-48 hours on weekdays. On weekends, expect a response as soon as possible on Monday (depending on when email is sent).

Grading Scale

- 95 – 100% = A+
- 90 – 94.9% = A
- 85 – 89.9% = B+
- 80 - 84.9% = B
- 70 – 79.9% = C
- < 70% = F

An Incomplete grade is not an option except under extreme extenuating circumstances. Contact the instructor immediately; a course withdrawal may be appropriate in some situations.

***Note:** The George Mason University Honor Code will be strictly enforced. Students are responsible for reading and understanding the Code. “To promote a stronger sense of mutual responsibility, respect, trust, and fairness among all members of the George Mason University community and with the desire for greater academic and personal achievement, we, the student members of the university community, have set forth this honor code: Student members of the George Mason University community pledge not to cheat, plagiarize, steal, or lie in matters related to academic work.” Work submitted must be your own or with proper citations (see <http://oai.gmu.edu/the-mason-honor-code/>).

Online EDSE 502 Students Self-Manage for Calculating Course Grade Based on Points Earned on Performance-Based Summative Evaluations		
Assignment	Points earned by EDSE 502 student	Total points available
a. Comparison of School Discipline/Behavior Plans		20 points
b. Research Analysis (2 research analyses @ 15 points each)		30 points
c. Reading Checks (4 reading checks @ 15 points each)		60 points
d. Classroom Management Plan		60 points
e. Discussion Boards (6 discussion boards @ 5 points each)		30 points
f. Functional Behavioral Assessment (FBA)		75 points
g. Behavior Intervention Plan (BIP)		75 points

TOTAL	Your total...	... / 350 points
Students can calculate their points earned / total points available at any date in the semester to determine what their grade-to-date is. This is particularly important for students to self-evaluate their performance prior to key dates in the George Mason University schedule, such as withdrawal dates with varying tuition penalties and mid-term progress self-evaluation.		

Professional Dispositions

Students are expected to exhibit professional behaviors and dispositions at all times.

Class Schedule

*Note: Faculty reserve the right to alter the schedule as necessary, with notification to students.

Feedback on Assignment Using APA Numeric Codes

Throughout your document, there may be numbers that correspond to the feedback below.

This # on your	...corresponds to this section of the APA Manual Sixth Edition. Please review your paper in light of the APA writing style. Contact the Instructor if you have questions.
1	Chapter 3 on writing style (3.01 to 3.11)
2	Chapter 3 on guidelines to reduce bias in language (pp. 70-76, particularly 3.15)
3	Chapter 3 on grammar (3.18 to 3.23)
4	Chapter 4 on punctuation, spelling, capitalization, italics, abbreviations, numbers (4.01 to 4.38)
5	Chapter 6 on plagiarism and quotations (6.01 to 6.10) <i>For all assignments in this course, do not quote. Always paraphrase.</i>
6	Chapter 6 on reference citations in text (6.11 to 6.21)
7	Chapter 6 on Reference list (6.22 to 6.32) All of Chapter 7 provides Reference Examples. You will likely use 7.01 the most for articles from peer-reviewed journals (periodicals) and 7.02 for books and book chapters.
An arrow or “check throughout” indicates that a pattern of this type of feedback has evolved, and the writer needs to self-check the remaining portions of paper for that error type. The reader is no longer noting every instance of that feedback from that point on, but will mark some content intermittently. The writer should focus on reducing this type of error in subsequent papers in order to enhance meaning and increase the score for excellent written language and sound content.	

Date	Event	Readings Due	Assignments Due

For the Class Schedule:

Note that the weeks are not evenly distributed. It is recommended that you preview each module and plan your time carefully; some modules contain only a few lessons while others contain more lessons. You are responsible for having all components of each module complete by the due date (includes all lesson activities, reading checks, and the final module assignment).

Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: <http://cehd.gmu.edu/values/>

GMU Policies and Resources for Students

Policies

- Students must adhere to the guidelines of the Mason Honor Code (see <http://oai.gmu.edu/the-mason-honor-code/>).
- Students must follow the university policy for Responsible Use of Computing (see <http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>).
- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students **solely** through their Mason email account.
- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see <http://ods.gmu.edu/>).
- Students must follow the university policy stating that all sound emitting devices shall be turned off during class unless otherwise authorized by the instructor.

Campus Resources

- Support for submission of assignments to Tk20 should be directed to tk20help@gmu.edu or <https://cehd.gmu.edu/aero/tk20>. Questions or concerns regarding use of Blackboard should be directed to <http://coursessupport.gmu.edu/>.
- The Writing Center staff provides a variety of resources and services (e.g., tutoring, workshops, writing guides, handbooks) intended to support students as they work to construct and share knowledge through writing (see <http://writingcenter.gmu.edu/>).

- The Counseling and Psychological Services (CAPS) staff consists of professional counseling and clinical psychologists, social workers, and counselors who offer a wide range of services (e.g., individual and group counseling, workshops and outreach programs) to enhance students' personal experience and academic performance (see <http://caps.gmu.edu/>.) to enhance students' personal experience and academic performance (see <http://caps.gmu.edu/>).

- The Student Support & Advocacy Center staff helps students develop and maintain healthy lifestyles through confidential one-on-one support as well as through interactive programs and resources. Some of the topics they address are healthy relationships, stress management, nutrition, sexual assault, drug and alcohol use, and sexual health (see <http://ssac.gmu.edu/>). Students in need of these services may contact the office by phone at 703-993-3686. Concerned students, faculty and staff may also make a referral to express concern for the safety or well-being of a Mason student or the community by going to <http://ssac.gmu.edu/make-a-referral/>.

For additional information on the College of Education and Human Development, please visit our website <https://cehd.gmu.edu/>.

Assessment Rubric(s)

See next pages for the CAEP rubrics (which may not exactly match the assignment rubrics; be sure you use assignment rubrics when completing assignments!).

Other rubrics are posted on Blackboard.

FUNCTIONAL BEHAVIOR ASSESSMENT (FBA)

	Does Not Meet Expectations 1	Meets Expectations 2	Exceeds Expectations 3
FUNCTIONAL BEHAVIOR ASSESSMENT			
Student Description <i>CEC/IGC Standard 1 ISCI 1 K11</i>	<ul style="list-style-type: none"> ● Candidate provides partial demographic and background information, giving only a limited view of the context of student behavior. ● Candidate has limited discussion of educational impact. 	<ul style="list-style-type: none"> ● Candidate discusses the demographic and background information related to the target student inclusive of the educational impact of student's mild to moderate exceptional condition, attitude, interests, values, and behavior issues. <i>ISCI 1 K11</i>	<ul style="list-style-type: none"> ● Candidate discusses the demographic and background information related to the target student inclusive of: <ul style="list-style-type: none"> ○ the educational impact of student's mild to moderate exceptional condition, attitude, interests, values, and behavior issues, and ○ the effect these conditions can have on the student's life and learning. ● Candidate provides an in-depth profile of the target student.
Overview of Setting Context <i>CEC/IGC Standard 2</i> <i>CEC/IGC Standard 2 ISCI 2 K1</i>	<ul style="list-style-type: none"> ● Candidate provides a description of the classroom in which the target behavior occurs but does not examine the impact of the learning environment on behavior management. ● Candidate evaluates the classroom learning environment context with details missing in 	<ul style="list-style-type: none"> ● Candidate describes the classroom in which the target behavior occurs and examines the impact of the learning environment on behavior management. <i>CEC/IGC Standard 2 ISCI 2 K1</i> <ul style="list-style-type: none"> ● Candidate evaluates the classroom learning environment context (e.g., physical layout of the classroom, design and management of daily 	<ul style="list-style-type: none"> ● Candidate describes the classroom in which the target behavior occurs and examines the impact of the learning environment on behavior management for the target student, peers, and adults. ● Candidate evaluates the classroom learning environment context (e.g., physical layout of the classroom, design and management of daily

	<p>terms of how well the teacher has created a safe, equitable, positive learning environment in which diversity is valued.</p>	<p>routines, schedule and classroom rules, and demands of the learning environment) in terms of how well the teacher has created a safe, equitable, positive learning environment in which diversity is valued.</p> <p><i>CEC/IGC Standard 2 ISCI 2 S1</i></p>	<p>routines, schedule and classroom rules, and demands of the learning environment) in terms of how well the teacher has created a safe, equitable, positive learning environment in which diversity is valued.</p> <ul style="list-style-type: none"> ● Candidate analyzes the classroom learning environment context in relation to basic classroom management theories and strategies for learners with mild to moderate exceptional learning needs.
<p>Indirect Assessment of Behavior (Interview)</p> <p><i>CEC/IGC Standards 2 & 4</i></p> <p><i>CEC/IGC Standard 2 ISCI S 4 S 4</i></p> <p><i>CEC/IGC Standard 2 ISCI 2 S6</i></p>	<ul style="list-style-type: none"> ● Candidate does not sufficiently collaborate with and interviews family and/or professionals who have knowledge of the learner. ● The candidate’s interview data does not contribute to an understanding of the behavior. 	<ul style="list-style-type: none"> ● Candidate collaborates with and interviews family and/or professionals who have knowledge of the learner. ● Explore development and/or modifications of individualized indirect assessment strategies. <p><i>CEC/IGC ISCI 4 S 4</i></p> <ul style="list-style-type: none"> ● Based on the interview, the candidate collects data on: <ul style="list-style-type: none"> ○ context of the behavior (setting events, antecedents, consequences), and ○ realistic expectations of the family and/or professionals. ● Candidate identified ways to collect data on cultural influences that could contribute to an understanding of the behavior (as applicable). 	<ul style="list-style-type: none"> ● Candidate collaborates with and interviews family and/or professionals who have knowledge of the learner. Based on the interview, the candidate collects data on: <ul style="list-style-type: none"> ○ context of the behavior (setting events, antecedents, consequences), ○ learner reinforcement preferences, and ○ realistic expectations of the family and professionals. ● Candidate also collects data on the behavior. ● Candidate collects data any cultural influences that could contribute to an understanding of the behavior (as applicable). ● Family input and/or professional's input and concerns are documented. ● The interview data consistently support the direct assessment of the

		<ul style="list-style-type: none"> Family and/or professional's input and concerns are documented. 	learner behavior.
<p>Direct Assessment of Behavior</p> <p><i>CEC/IGC Standards 2 & 4</i></p> <p><i>CEC/IGC Standard 4 ISCI 4 S 4</i></p> <p><i>CEC/IGC Standard 2 ISCI 2 S6</i></p>	<ul style="list-style-type: none"> Candidate assesses the behavior of the learner using ONLY anecdotal recording. The candidate did not adapt or modify assessment procedures based on the unique abilities and needs of the learner with mild to moderate exceptional learning needs. 	<ul style="list-style-type: none"> Candidate implements procedures for assessing and reporting both appropriate and problematic social behaviors of individuals with exceptionalities through anecdotal recording and ABC data collection. <p><i>CEC/IGC Standard 2 ISCI 2 S6</i></p> <ul style="list-style-type: none"> Candidates describes the rationale for the development and/or modifications of individualized direct assessment strategies to assess the learners' behavior <p><i>CEC/IGC ISCI 4 S 4</i></p>	<ul style="list-style-type: none"> Candidate implements evidence-based procedures for assessing and reporting both appropriate and problematic social behavior of the learner with mild to moderate exceptional learning needs through anecdotal recording AND two other forms, including ABC Data collection, scatterplots, or other forms discussed in class. The candidate includes additional direct data collection methods to further inform about the behavior and the effects of the exceptional learning needs.
<p>Operational Definition of Problem Behavior</p> <p><i>CEC/IGC Standard 4</i></p> <p><i>CEC/IGC Standard 4 IGC4 S1</i></p>	<ul style="list-style-type: none"> Candidate identifies the problem behavior but provides an operational definition that does not include either conditions, problem behavior, or criterion. 	<ul style="list-style-type: none"> Candidate identifies and provides a clear operational definition of the problem behavior, including conditions, problem behavior, and criterion with consideration of the student's exceptionality. <p><i>CEC/IGC Standard 4 IGC4 S1</i></p>	<ul style="list-style-type: none"> Candidate identifies and provides a clear operational definition of the problem behavior, including conditions, problem behavior, and criterion with consideration of the student's exceptionality. Candidate provides specific examples of the problem behavior related directly to the target behavior.

<p>Hypothesized Function of Behavior</p> <p><i>CEC/IGC Standard 2</i></p> <p><i>CEC/IGC Standard 2, ISCI 2 K 4</i></p>	<ul style="list-style-type: none"> ● Candidate provides a hypothesis for the function and purpose of the problem behavior that is incorrect or is not substantiated by data. 	<ul style="list-style-type: none"> ● Candidate provides an accurate function and purpose of the problem behavior. ● Candidate provides evidence of having examined at least one of the following in establishing the function and purpose of the behavior: <ul style="list-style-type: none"> ○ the impact of the learners’ academic and social abilities, attitudes, interests, and values on instruction, ○ the demands of the learning environment, ○ levels of active engagement, ○ ways specific cultures are negatively stereotyped, ○ teacher attitudes and behaviors that influence behavior of individuals with exceptionalities. <p><i>CEC/IGC Standard 2, ISCI 2 K 4</i></p>	<ul style="list-style-type: none"> ● Candidate provides an accurate function and purpose of the problem behavior. ● Candidate provides evidence through examples of having examined multiple areas from below in establishing the function and purpose of the behavior: <ul style="list-style-type: none"> ○ the impact of the learners’ academic and social abilities, attitudes, interests, and values on instruction, ○ the demands of the learning environment, levels of active engagement, ○ ways specific cultures are negatively stereotyped, ○ teacher attitudes and behaviors that influence behavior of individuals with exceptional learning needs, and cultural variation.
